

## Jackson Scholars Plan for Service Recognition Leadership Experience

A Jackson Scholar is expected to be a leader in the field of Earth Sciences and an active member of their professional community. A Leadership component, for inclusion in the JS portfolio, could include elected positions in student organizations (not restricted to geoscience organizations), participation in City, County or State legislative affairs, a leadership role (election or promotion based) in a volunteer organization among other experiences. Supporting material for the JS portfolio should include a support letter from the organization and a log of service hours and/or list of leadership duties. Email a copy of this completed form to Sam Moore ([slmoore@jsg.utexas.edu](mailto:slmoore@jsg.utexas.edu)) and Dan Breecker ([breecker@jsg.utexas.edu](mailto:breecker@jsg.utexas.edu)).
